VISION VIKSIT BHARAT 2047

The FLD Women Entrepreneurs Exhibition 2026 is envisioned as India's flagship platform dedicated to fostering the growth and success of women-led enterprises. More than an exhibition, it is a dynamic business and networking ecosystem designed to connect entrepreneurs with opportunities, resources, and strategic partnerships that drive sustainable growth.

The exhibition aims to create a transformative and inclusive platform where women entrepreneurs—from self-help groups, tribal enterprises, artisans, startups, MSMEs, and established business leaders—can showcase their capabilities, access new markets, build strategic partnerships, attract investment, and connect with global opportunities for long-term growth and economic impact.

Bringing together women entrepreneurs, industry leaders, buyers, investors, policymakers, financial institutions, startup enablers, and international stakeholders, the exhibition serves as a catalyst for innovation, collaboration, and economic empowerment. Through focused business interactions, knowledge-sharing sessions, market access initiatives, investment opportunities, and policy dialogue, the event seeks to create a thriving ecosystem where women-led businesses can scale, compete, and succeed in both domestic and global markets.

By facilitating meaningful engagement between key stakeholders, the exhibition aims to unlock new opportunities, strengthen entrepreneurial capabilities, promote inclusive and sustainable economic development, and contribute to India's vision of building a globally competitive, women-led entrepreneurial ecosystem.

ABOUT THE EVENT

Women entrepreneurs today are emerging as powerful drivers of innovation, employment generation, and economic progress across sectors. Recognizing their growing contribution to India's development journey, the FLO Women Entrepreneurs Exhibition 2026 has been conceptualized as a platform that goes beyond product display and business promotion to deliver tangible business outcomes and long-term growth opportunities.

The exhibition will provide participants with direct access to buyers, investors, corporate procurement teams, government agencies, financial institutions, mentors, and international business delegations. Carefully curated networking opportunities, business matchmaking sessions, knowledge forums, and market linkage initiatives will help entrepreneurs expand their reach, strengthen their enterprises, and unlock new avenues for growth.

The Exhibition is Built Around Three Core Pillars

The FLO Women Entrepreneurs Exhibition 2026 aspires to become a transformative platform that empowers women-led enterprises to move from participation to leadership, from opportunity to growth, and from access to acceleration.

PROPOSED SCALE & NATIONAL IMPACT

The Trade Show aims to bring together:

DEDICATED FACILITATION ZONES

- Government Schemes & GeM Support
- Export & Global Market Access
- Investment & Funding
- Digital Commerce & Technology
- Skill Development & Mentorship
- CSR & Corporate Partnerships
- Innovation, Manufacturing & Green Enterprise
- Tourism, Cuisine & Cultural Showcase

EXPECTED LEGACY

The Trade Show will strengthen woman-led enterprises, promote **Atmanirbhar Bharat** and **Women-Led Development**, enhance exports and market access, preserve India's traditional crafts and cultural heritage, and foster lasting partnerships between Government, industry, financial institutions and entrepreneurs. The initiative is expected to generate ₹500+ crore in potential business, procurement and investment opportunities over the medium term.

KEY HIGHLIGHTS
