

High Commission of India Colombo, Sri Lanka

High Commission of India, Colombo, Sri Lanka, invites quotation/bids from the reputed contractors/firms having wide experience in Electricity Supply Systems, to supply and install Main Electricity Panel Board at the High Commission of India, Colombo, Sri Lanka (location: 36-38, Galle Road, Colombo-3):

Supply and Install Main Electricity Panel Board of around 800 AMPS

- Standing panel board with cover plates having proper coating of anti-corrosion paints.
- Panel board should have distributed indicator lamps, voltmeters, ammeters etc.
- Panel board should be fitted with current transformers to manage the voltage fluctuations.
- Panel board should be fitted with Miniature Circuit Boards(MCBs) for adequate protection against overload and short circuit conditions.
- Panel board should be fitted with adequate number of sub feeders to provide proper distribution of load among branch circuits.
- Modification of the cable terminating at the panel board to suit the new panel board.
- Removal of the existing panel board.
- Armored cable trays for holding high tension insulated wires
- Site visit is advisable to get an idea about the dimensions and the number of MCBs, sub feeders, lamps, voltmeters, ammeters, armored cable trays etc.

The quotations/bids in sealed cover may be sent to ASO (Property), High Commission of India, 36-38, Galle Road, Colombo 03 latest by 15th APRIL 2021 at 1500 hours. Bids received by the due date shall be opened at 1530 hours on 15th April 2021 by the Local Purchase Committee of the High Commission of India.

The High Commission reserves the right to accept or reject any of the bid(s). No correspondence in this regard will be entertained.
